LICENSED BOOZE

A Moveable Feast holds a Special Facility, (Catering) Licence. We can serve alcoholic refreshments pretty much any time anywhere, (except on a couple of special days & where a licence is already in operation). This means we can look after drinks where you're inviting clients or the general public & for events where you're charging for tickets. We'll save you the cost & the hassle of organising an occasional licence without gouging on pricing!

You'll be pleasantly surprised how affordable our prices are!

BYO

Want to bring your own beverages? No problem! We can provide Sofi with or without taps and our RSA-approved staff will serve your chosen drinkies from her. Need glassware? We can take care of that too! We hire our own glassware at way below market rates.

FULLY BESPOKE

Mojito, G&T, whisky or prosecco bar? Sofi can be whatever you want her to be! We are fully licensed & can provide all your beverage for you. You can work off one of our standard 'on-consumption' packages or we'll create a bespoke list.

Not after a bar? Sofi works as a food truck too!

BESPOKE BAR HIRE

Through our experience as event caterers we have learned that bar furniture needs to be both functional as well as stylish. Since Ellie is creative & Zac loves to build stuff, we have our own customisable, fully functional bars. These are available with a number of different frontages. We can also provide customised frontages. We've done this to make it affordable for our clients. Additionally we have a number of kegging options, allowing us to serve cocktails as well as beers, ciders, sparkling wines & spritzes.

As a fully licenced caterer we can go anywhere and serve alcohol with or without food, (restrictions apply on Anzac day, Good Friday and Christmas day).
